QUALIFICATION SYSTEM FOR XXIV OLYMPIC WINTER GAMES, BEIJING 2022

because of the equal number of accumulated points, the elimination will be conducted on the basis of the following criteria.

1. In the event that two (2) or more NFs/NOCs are tied so that an elimination of one (1) or more of these teams is necessary, the NF/NOC with the latest WCC appearance will be the preferred NF/NOC. For example, if two (2) NFs/NOCs are tied for the 7th place after the 2021 WCC, and one (1) of the NFs/NOCs participated in the 2021 WCC and the other NF/NOC did not, then the NF/NOC which played in the 2021 WCC will be preferred and the other NF/NOC will be eliminated.
2. In the event of a tied situation and Criteria No.1 is insufficient to eliminate the necessary number of NFs/NOCs, the ranking between the teams in the 2021 WCC will be the deciding factor, or 2020 if that was the latest appearance of the NFs/NOCs that are tied.
3. Should there be a situation where in fact neither Criteria No.1 nor Criteria No.2 can eliminate the necessary number of teams, the elimination will be done by a play off between the tied teams at a time and venue to be decided by the WCF. If the tied teams are involved in the 2021 WCC, the play off will take place there.
