D.1.3.2 For Canoe Slalom events, the athlete quota places will be allocated first in the canoe events according to the results. Any athlete who has already obtained a quota place in the canoe event will not be considered for a quota place in the kayak event. The kayak quota place will be allocated to the next highest ranked eligible athlete who will obtain a quota place for their NOC.

D.1.3.3 For all Canoe Slalom Qualifying Competitions, where there is a tie between two (2) or more athletes by time, then the results from the previous phases will be used to break the tie, in accordance with ICF Canoe Slalom Competition Rules. The highest placed eligible athlete will obtain for their NOC an athlete quota place.

D.1.5.1 Each NOC can earn a maximum of one (1) athlete quota place per gender at the continental qualification competition.

D.1.5.2 In the situation that a Continental Qualification Competition cannot be held and/or the results of such competition are cancelled, then the “ICF Canoe Slalom World Ranking” for the relevant event as of 31 December 2023 will be used to determine the athlete quota places. The highest ranked eligible athlete from that continent in the “ICF Canoe Slalom World Ranking” will obtain one (1) athlete quota place for his/her NOC. If fewer than three (3) NOCs from a continent are included in the “ICF Canoe Slalom World Ranking” of 31 December 2023, who would otherwise be eligible to enter the Continental Qualification Competition, the athlete quota place will be reallocated as outlined in section **F.1 Reallocation of Unused Quota Places**.

On 1 October 2023, the International Olympic Committee (IOC) will invite all eligible NOCs to submit their requests for Universality places. The deadline for NOCs to submit their requests is 15 January 2024. The Tripartite Commission will confirm, in writing, the allocation of Universality places to the relevant NOCs after the end of the qualification period for the sport concerned.

Detailed information on Universality places is contained in the “Games of the XXXIII Olympiad, Paris 2024 - Olympic Games Universality places - Allocation Procedure and Regulations” document.

E. CONFIRMATION PROCESS FOR QUOTA PLACES

E.1. CONFIRMATION OF QUOTA PLACES

E.1.1 Within two (2) weeks following each qualification competition, the ICF will publish the results on its website (www.canoeicf.com) and inform the respective NOCs/NFs of their allocated athlete quota places.

E.2.1 The NOC will then have 10 working days to confirm to the ICF:

- That they wish to accept their allocated athlete quota place(s) or decline allocated quota place(s) and return it to the ICF for reallocation to another NOC;
- If a quota place is declined or not accepted within the required time frame, the athlete quota place will be returned for reallocation as outlined in section **F.1 Reallocation of Unused Quota Places**.

E.2. CONFIRMATION OF HOST COUNTRY PLACES

The host country must confirm in writing to the ICF, 10 days after the completion of all qualifying events the use of its host country places.

F. REALLOCATION OF UNUSED QUOTA PLACES

F.1. REALLOCATION OF UNUSED QUOTA PLACES

F.1.1. If an allocated quota place is not confirmed by the NOC by the confirmation of quota place deadline, or is declined by the NOC, the quota place will be reallocated to the next highest-ranked eligible NOC, not yet qualified, at the event at which the quota place was obtained, respecting the maximum quota per gender, per NOC.

F.1.2. Any athlete quota place which is returned or unused due to insufficient entries in a continental qualification competition, will be reallocated in the same event to the next highest ranked eligible NOC, not yet qualified from that continent, in the "ICF Canoe Slalom World Ranking" of 31 December 2023. There must be a minimum of three eligible NOCs from that continent in that event on the ICF world ranking. Should no valid quota place be able to be allocated to that continent then the place will be allocated to the next highest ranked NOC not yet qualified in that event on the "ICF Canoe Slalom World Ranking" regardless of continent. The quota place will be allocated within 10 days of the quota place being returned, or within 10 days of the rankings being published, whichever is later.

F.1.3. If an Extreme Kayak quota place is returned then the quota place will be reallocated to the next highest ranked eligible NOC, not yet qualified, from the same event at the Extreme Kayak qualification competition.

F.1.4. In the event that athlete quota places are not filled from the procedures outlined above, the ICF Executive Committee will allocate the remaining athlete quota to the next highest ranked eligible NOC not yet qualified in the sport of Canoe at the Olympic Games Paris 2024 using the "ICF Canoe Slalom World Ranking" of 31 December 2023.

F.2. REALLOCATION OF UNUSED HOST COUNTRY PLACES

F.2.1 Where the host country obtains an athlete quota place through the 2023 ICF Canoe Slalom World Championships, the host country place will be reallocated to the next highest ranked eligible NOC, not yet qualified, in the kayak event for that gender at the same competition.

F.2.2 Where the host country obtains an athlete quota place through the continental qualification competition, the host country place will be reallocated to the next highest ranked eligible NOC, not yet qualified, in the kayak event for that gender at the same competition.

F.2.3 Where the host country obtains an athlete quota place through the Extreme Kayak global qualification competition, the host country place will be reallocated to the next highest ranked eligible NOC, not yet qualified, in the kayak event from the 2023 ICF Canoe Slalom World Championships.

F.3. REALLOCATION OF UNUSED UNIVERSALITY PLACES

If the Tripartite Commission is not able to allocate a Universality place, it will be reallocated using the reallocation procedures outlined in the Canoe Sprint Qualification System section F1.1.
